CenSec – Center for Defence, Space & Security

Karup

Cluster

Advanced materials, Aeronautics, Aerospace,
Cybersecurity, Electronics, Maritime, Naval

“CenSec” – the Center for Defence, Space & Security – is Denmark’s regional dual-use cluster, based in Karup.

It promotes industrial activities in the areas of advanced materials, aeronautics, aerospace, cyber security, electronics, maritime, naval, and drones (UAVs).

CenSec cooperates with other regional clusters in the following sectors: railway, space, cyber security, electronics, aerospace, defence and drones. Its partner clusters across Europe are RailGrub (Spain), the Lithuania Aerospace Association, Satellite Navigation Berchtesgadener Land (Germany), SAFE (France), The Hague Security Delta (Netherlands) and the EU’s Enterprise Europe Network.
